Information about PROAP-CAPES financial resources

The financial resources that finance part of the research activities of the Graduate Program in Soil Science at UFC come from PROAP-CAPES. Other resources, when existing, come from research projects directly linked to the professor(s).

The accountability of the resources used by the advisor/student is made to the coordination of the Program, which publishes the expense report in the SEI (Electronic Information System of the Federal University of Ceará) in a configuration that allows access to those who are interested. The following are the amounts received for the 2021-current period.

Years	Concession (R\$) PROAP	Institutional work plan	Destined value (R\$) PROAP
2021	34.266,00	Participation of professors, researchers and students in scientific and academic activities and events in the country and abroad	34.266,00
